A shower of very fine ash was deposited everywhere to a depth of more than six meters, enveloping everything and adhering to the forms of the bodies and of their clothes. Almost 2.000 years later, you have the opportunity to discover the everyday life of the Imperial Age and imagine the panic of the people before the city was so disastrously buried. In two walking tour, your guide will show you fascinating places such as The Forum, Thermal Baths, Lupanare and Vetti's House with its beautiful frescos.
